

“On April 3, vote YES on Question 1 to renew our commitment to investing in ALL of Kansas City’s neighborhoods.”

**MAYOR SLY JAMES**

**ON APRIL 3**

**VOTE YES**  
**QUESTION 1**

*Renew Our Commitment  
to Investing in Kansas City.*

**[www.ProgressKC.com](http://www.ProgressKC.com)**

# VOTE YES QUESTION 1

## **Why Vote YES on Question 1?**

Your YES vote will renew the existing 1% capital improvement sales tax that the city uses to pay for maintenance of streets, bridges, curbs, sidewalks, flood control, parks, and public buildings.

What's more, voting YES on Question 1 will ensure that the city can build a new Buck O'Neil Bridge without having to close down the bridge for two years, create a new tax, or put a toll on the bridge.

## **Is This a New Tax?**

No, this is not a new tax. We are simply renewing the existing tax at the same rate. If we don't renew this tax, then we'll have to raise taxes somewhere else to come up with the money.

## **How Is the Money Spent?**

35% is equally divided among city council districts at the recommendation of the citizen-led Public Improvements Advisory Committee (PIAC) and city council.

At least 25% of the sales tax receipts are for street repairs and construction.

The remainder will be used for maintenance of other city assets and for other capital improvements, including the Buck O'Neil Bridge.
